

WEATHER-APPROPRIATE CLOTHING

BobBarker®

California SB1152 requires hospitals to assist homeless patients with their return to their community including offering weather-appropriate clothing when needed.

Communities Lifting Communities (CLC) has partnered with Bob Barker Company, Inc. to offer hospitals and other health care and homeless service providers a discount on selected weather-appropriate clothing.

As a member of the shared marketplace, you will be able to take advantage of an average discount of 25% on weather-appropriate clothing - undergarments, jackets, ponchos, shoes and socks - including the items shown here.

To take advantage of these discounts, please visit <https://clc.bobbarker.com/> to create your Bob Barker account.
